- **Areas:** 360 (make/move/sell/decide) · Sourcelinq · Personal (thin)
- 360 slices: Manufacturing/Product/IP · Supply · Assembly · Co-founder · Sales command · Logistics · Pipedrive · Pulse/meeting prep
- Visions stated: plant→court without heroics; Keith aims sales gun; one-page into Anthony; Sourcelinq 5–10x; personal travel/tech never steal mfg hour
- **Recommended roster: 22** (9 shared/personal · 7 × 360 · 6 Sourcelinq)
- Deliberately not built: 2nd CoS/Inbox, personal brand, IR, Exalted, Afterglow, recruiting

OPEN DECISION ON DOC

> Doc asks: say **okay** to 22, or cut/merge. Fast merges to ~16 offered:
> Supply+Assembly→Plant Ops; 360 Finance→Pulse; Sourcelinq R&I→Scout; Admin→Sourcelinq Finance

- After okay: write every profile + standing prompt (DRAFT default; never send/pay/post unless Keith says send; no invented facts; 360/Sourcelinq/personal never mixed)
- Keith RSVP needsAction — confirm attendance

TALKING POINTS · ASKS

- Get explicit okay / cut list on 22
- Confirm Pipedrive Operator + Message Runner hidden under CoS
- Finish remaining bot profiles live or assign post-call owner
- No inventing campaign/Foundation topics here unless Keith raises

> **Win:** Roster locked (22 or named merges); next write/deploy steps owned.
